EPA-R5-2017-004158	Mrs. Lauren Cross		On Jan. 21, I requested the following: *Any correspondence, including letters and/or emails, between September 1, 2016, and Jan. 21, 2017, between the EPA and/or EPA Region 5 and the Enterprise Development &Mgmt Corp (or whomever is the owner/representative/designated landlord for the East Chicago Urban Enterprise Academy property) regarding previous or planned soil testing at East Chicago Urban Enterprise Academy in the city of East Chicago. A copy of the access agreement/permission slip signed by Enterprise Development &Mgmt Corp (or whomever is the owner/representative/designated landlord for the East Chicago Urban Enterprise Academy property) that was provided to the EPA and/or EPA Region 5 in which Enterprise Development &Mgmt Corp gave the EPA permission to access the site. On or about Jan. 31, I agreed with Mark Muro, with EPA Region 5, to modify my request so that I was only asking for records deemed releasable by EPA, with the EPA having cited confidentiality/attorney-client privileges in withholding some of the emails. I am now requesting that such emails be released by the EPA. If EPA chooses to deny this request, please cite specific statute. If denied, I will appeal to the state's AG/Public Access Counselor's office for review. Thank you, Lauren Cross The Times	2/22/2017

EPA-R6-2017-004132	Dave Houlihan	Counter Group	Good morning, My name is Dave Houlihan, I'm a Claims Investigator for a company called Counter Group in Thornton, CO; we assist corporate defense attorneys in trial preparation for defense against claims filed by persons who have developed mesothelioma. I'm currently researching a claim filed by a woman who graduated Booker T. Washington High School in Tulsa, OK in 1978. In an effort to identify all areas of potential exposure to asbestos, I'm interested in receiving or reviewing all available records pertaining to asbestos inspections, samples, analysis and abatement. In short, all asbestos records for the old Booker T. High School, 1631 East Woodrow Place, Tulsa Oklahoma. I understand that a new high school was completed in 2003 with its current address (1514 East Zion St.) but on the same parcel of land. I'm also like to review all available records pertaining to the demolition of the old building including, but not limited to, bid documents, school district correspondence, inspection reports, asbestos sampling, asbestos abatement plans (if any), etc. Again to be short, all available records pertaining to the demolition of the old building. Please let me know if you have any questions or need additional information. I can be reached at (781) 571-9686. Thank you for your assistance in this matter. EPA-R5-2017-004111	Mr. Bob Farnes	Tetra Tech	<p>Tetra Tech recently prepared a Phase I ESA for 1354 Jackson Street in St Paul. Please see below for some of the findings. Historical use of the Target Site includes use as a salvage yard. The Target Site address was identified as 862aJ West 86" Parcel 886B as part of the Brownfields program (EDR 2016b). Based on information provided on the EPA Brownfields Property Progress Profile, a Phase II ESA was completed in March 2008 as part of a grant received by the Saint Paul Port Authority. Media affected included air and soil with contaminants of concern including petroleum products, VOC, PAH, other SVOC, and metals. The profile indicated cleanup was required, but was not started. The grant recipient contact was identified as Mr. Monte Hilleman of the Saint Paul Port Authority (EPA 2016c). Details of the 2008 Phase II ESA are unknown, including sample locations and levels of contaminants detected. Tetra Tech attempted to contact Mr. Monte Hilleman and a response was not received within the timeframe of this report. Tetra Tech attempted to contact the EPA Brownfields contact for Region 5 and a response was not received within the timeframe of this report. Would you please provide the Phase II or direct me to someone that can assist me with obtaining the report or additional detail about the site?</p>	2/21/2017

EPA-R5-2017-003974	Mr. Kenneth w Harris	Engle Martin and Associates	Good Afternoon! I am the insurance adjuster handling a claim at 1020 London Road, Cleveland, OH 44110. The location suffered a break in, and significant damages to the electrical wiring in the facility, however we have been unable to access the structure as the building has been essentially closed off to any access, as per a radioactive risk. I believe EPA officials are still on site, though the insured for this matter is not certain. In short, we would like to request the following information so that we may further investigate the insureds claim; 1. Any and all photographs and reports on the property / condition in an effort to see what evidence exists of the conditions which to date no one has been able to view of the property. 2. What exactly is happening at the site at this time. 3. What certifications / requirments must be met to access the site I greatly look forward to your feedback! Regards, Ken Harris	2/15/2017

EPA-HQ-2017-003919	Mrs. LAURA C SBORDI	SENASA	<p>Within the Codex Alimentarius Committee for Residues of Veterinary Drugs in Food, Argentina's request (see REP17/RVDF Appendix VI and paragraph 133-138) for ethion evaluation by IECA was accepted. Thus, original studies regarding chronic, subchronic and acute toxicity of ethion are needed to complete the ethion data package we already have, to be evaluated conditionally by IECA, before March 30, 2017. We have identified some valuable studies with an EPA's MRID which would be of much help in this process - Bailey DE. 1988. 90-Day subchronic toxicity study of ethion technical in dogs (A86-1990). Unpublished revised final report dated June 21, 1988 by Hazelton Laboratories America, Inc., Vienna, Va for FMC Corp., Princeton, NJ. EPA MRID No. 40773301. - Enloe P, Salamon C. 1985. Three-generation reproduction study in albino rats with ethion (FMC 1240) technical: Unpublished report dated July 30, 1985 by American Biogenics Corporation, Decatur IL for FMC Corp., Princeton, NJ. EPA MRID No. 00148989 - Morrow L. 1985a. Twenty-four month combined chronic oral toxicity and oncogenicity study in rats utilizing ethion (FMC 1240) technical. Unpublished final report dated August 1985 by American Biogenics Corporation, Decatur, IL for FMC Corporation, Princeton, NJ. EPA MRID No. 00148991. - Weiner M. 1985a. Twenty-one day repeated dose dermal toxicity study in rabbits with FMC 1240 technical (ethion): study no. A84-1369. Unpublished study prepared by FMC Corp. EPA MRID No. 00155498. (information taken from EPA 1898d) - Roberts NL, Phillips CNK, Gopinath C, et al. 1986. Acute delayed neurotoxicity study with FMC 1240 in the domestic hen: Unpublished study by Huntingdon Research Centre Ltd., Huntingdon, Cambridgeshire, England for FMC Corp., Princeton NJ. EPA MRID No. 00158376 Feiser S. 1983. Acute inhalation toxicity study in rats: Ethion Technical (FMC1240). Unpublished study prepared by Hazelton Laboratories America, Inc. EPA-HQ-2017-003839	Lillianna Byington		Dear FOIA officer, Pursuant to the open records act, I request access to and all copies of records related to research grants issued to the George Washington University. The Environmental Protection Agency, specifically to academic engagement, regarding all records of the relationship between the George Washington University and EPA over the past 10 years. Please include all associated documentation regarding records of the grants, their progress and other resources NEA has provided. I am requesting these records on behalf of The GW Hatchet, the independent student newspaper at GW. In performing a public duty as a nonprofit media organization, I am requesting the associated fees be waived. In the event that this is not possible, please contact me for further discussion. If my request is denied in whole or in part, I ask that you justify all deletions by reference to specific exemptions in the act. Thank you for your assistance. Please contact me if there are any questions or processes that would expedite this request Best, Lillianna Byington	2/13/2017

EPA-HQ-2017-003806	Tanya Brown	USDA	Good Morning, The USDA Food Safety and Inspection Service is working to upgrade its Meat and Poultry Hotline and as we prepare the MCI, we are looking for comparable information from other government agencies that have hotlines. We came across the EPA Safe Drinking Water Hotline and would like to know the following: 1. The current setup (phone, database, chat, email)? 2. The company who provides support for the phone, database, chat, email? 3. The cost of the set up and annual maintenance 4. Would it be possible to get the Statement of Work? Thank you so much. This information will help us greatly.	2/10/2017
EPA-R4-2017-003824	Ms. Vicky Self		My immunity is critical and I will lose my residence if anyone finds out that I reported this. I currently live in Bakers Acres, a mobile home community, 3559 Joycliff Road, Macon, GA 31211. Current owner is James J. Barron III, but we have been informed it has been taken over by new owners on 1/31/17. I have lived here for almost three years and have had to take medication since then and have realized that there is black mold in my home. Additionally, there are several other homes in the community that have it also, #40-walls, #77, #78, #79, #86, #26-back bedroom floor, #71-ceiling, #9, #9A and #8A. These homes either have someone living in them, are to be rented out or are for sale. Considering the previous owner or owner now, Mr. Barron, would never look into this after we have reported our own home having it and I am continuing to stay sick, I felt it was necessary to report it. I am not sure, but I believe there probably is black mold in many of the homes here and people were too afraid to report it. Additionally, there is raw sewage coming out of the ground on #43, #4A, and #66 that I am aware of and nothing is being done about it after it has been reported. I did not know where else to turn and if this is not the right facility to report it, please let me know which avenue to take next. I appreciate your time and hope to see if your facility can intervene so that I can remain in my living quarters.	2/10/2017

I am working as research assistant for a topic regarding the Superfund program. For my research I need the HRS scores, both overall and divided by pathway. From the Active and Archived CERCLIS databases, in the table FED_REG.dbf there are information about the HRS scores for the sites that have been proposed, deleted or promulgated in the NPL list. Is it possible to have information about the HRS score of sites that have been assessed, but they have not been proposed for the NPL because "No further Remedial Action" are planned? I would like to have both the total score and the partial scores (for pathway). Moreover, I would like to know if in the list of sites that are non-federal facilities that did not pass the pre-CERCLIS screening. Finally, I would like to know if the States in your region used the option "one-time top priority", and for which sites. I look forward to hearing from you, Best regards, Silvia Griselda</p>	2/9/2017

EPA-R4-2017-003746	Mrs. Silvia Griselda		<p>To whom it may concern, I am Silvia Griselda and I am a PhD student at the University of Melbourne. I am working as research assistant for a topic regarding the Superfund program. For my research I need the HRS scores, both overall and divided by pathway. From the Active and Archived CERCLUS databases, in the table FED_REG.dbf there are information about the HRS scores for the sites that have been proposed, deleted or promulgated in the NPL list. Is it possible to have information about the HRS score of sites that have been assessed, but they have not been proposed for the NPL because â€”No further Remedial Actionâ€”re planned? I would like to have both the total score and the partial scores (for pathway). Moreover, I would like to know if in the list of sites that are non-federal facilities that did not pass the pre-CERCLUS screening. Finally, I would like to know if the States in your region used the option â€”one-time top priorityâ€”, and for which sites. I look forward to hearing from you, Best regards, Silvia Griselda</p>	2/9/2017	
EPA-HQ-2017-003741	Mrs. Silvia Griselda		<p>To whom it may concern, I am Silvia Griselda and I am a PhD student at the University of Melbourne. I am working as research assistant for a topic regarding the Superfund program. I was analyzing the data from the Active and Archived CERCLUS databases. I know that in the table FED_REG.dbf there are information about the HRS scores for the sites that have been proposed, deleted or promulgated in the NPL list. Is it possible to have information about the HRS score of sites that have been assessed, but they have not been proposed for the NPL because â€”No further Remedial Actionâ€”re planned? I would like to have both the total score and the partial scores (for pathway). For example, the authors Michael Greenstone and Justin Gallegher, for their article â€”Does hazardous waste matter? Evidence from the housing market and the Superfund programâ€”created a database with sites that have HRS score lower than 28.5 and have not been proposed for the NPL list. One example of this is the following site Site name: Callahan Property Street: HWY 82 ROUTE 4 BOX 266 City / State / ZIP: PRATTVILLE, AL 36067 EPA ID: ALD980710370 According to Greenstone and Gallegherâ€™s database, the site has a HRS score equal to 21.98. Where I can find this information? I would like to have information about the HRS score not only for this site, but for all sites that have been assessed, even if not published in the Federal Register. Moreover, I would like to know if in the Active and Archived CERCLUS databases there are non-federal facilities that did not pass the pre-CERCLUS screening. Finally, I would like to have a list of sites that have been proposed by the State using the option â€”one-time top priorityâ€”, I know the site â€”Cedar Chemical Corporationâ€”, has been designated as â€”one-time top priorityâ€”, although I do not find information about the other sites. I look forward to hearing from you, Best regards, Silvia Griselda</p>	2/9/2017

EPA-R6-2017-003647 EPA-R7-2017-003618	Mr. Rufus C Diggs Ericka Day	George Washington Carver Community Cen Synagro	In 2008 a group, made up of former attendees at the Carver High in Edna, Texas and other concerned citizens of Edna, Texas, were given the opportunity to possess the Edna Independent School District's Carver Elementary School building. At the time we, the Board of Directors, envisioned the establishment of a community center geared towards the enhancement of the Northern Edna, Texas and the entire city's cultural, educational and social wellness. However, the Board of Directors was not sufficiently aware of the environmental contamination issues of the former ESD school site. In attempting to improve the gym/cafeteria building, we were made aware of the asbestos laden tile cement that was used throughout the entire site. We appreciate all the help we can receive from the EPA. Question: How do we, an IRS 501(c)(3), with funding challenges, secure a verification of the extent of the asbestos usage on the former campus and it's potential for impacting the, now, State of Texas Historical designated building(s)? Thanks.	2/7/2017 2/6/2017

EPA-R4-2017-003632	edmond j burks	RCRD	<p>The following is a re-filing of a FOIA request previously submitted to EPA Region 4, but which seems to be more appropriately handled by EPA HQ: The original FOIA # is EPA-R5-2017-003467 I am requesting copies of all releasable files relating to the permitting of, conduct of, or investigations into, the company U.S. Technology, based in Canton OH, and its handling of hazardous materials, between the years 2000 and 2017. It is my understanding that U.S. Technology is the subject of investigations or enforcement actions in both EPA Region 4, and in EPA Region 6, and perhaps elsewhere. It is information regarding the company's conduct and operations in these specific regions which I am requesting information about. In addition I request copies of all correspondence, including emails and letters received from or addressed to parties outside of the U.S. EPA concerning U.S. Technology, as well as any releasable intra-agency correspondence. I understand that my original request was forwarded to EPA Region 5 because the company in question is based there. But to reiterate, this request specifically concerns actions in R4 and R6. Also, I was advised previously that Region staff did not know or have enough information to know where to begin their search. To clarify my request, because this concerns a hazardous waste handling issue and an enforcement issue, I would suggest beginning with the RCRA enforcement offices and the criminal investigations divisions of these regional offices. However I do not know that responsive records would be limited to those offices, and therefore would like the request considered more broadly.</p>	2/6/2017

EPA-HQ-2017-003541	Miss micah E McLean		Hello, My name is Micah McLean I am highly concerned about the environment. The temperatures are not normal for this season Because of global warming. Trump says "Global Warming is a myth." We can't depend on him to make a suggestion because it'll be to late by then. Everyone should be concerned bc it'll hurt us all in the end. I think we should all set a day aside and do a cleanse. Even if it's in neighborhoods, side of roads, anything. Just like in the Simpson's Movie if you seen it, Earth depends on all of us not just one person. So we all need to work as a team and get it "popping"	2/3/2017

EPA-HQ-2017-003540	Mr. Anthony Lacey	Inside EPA	I am seeking details of every FOIA request filed from Jan. 20, 2017, to Feb. 2, 2017, that seeks "any" information (including email traffic, meeting logs, etc.) that cover any of the following individuals: 1. The following seven members of EPA's AFGE union listed at this website: http://afgecouncil238.org/about-us/executive-board/ 2. Every EPA employee listed here: http://afgelocal3331.org/aboutus.html To be clear: I am NOT asking you to FOIA these employees. The AFGE members are not the subject of my FOIA request. I want to make this as simple as possible to streamline the request -- I am ONLY looking for the description of FOIA requests filed by outside people or groups that name the above AFGE members as subjects of the FOIA requests. At the risk of repetition: What I am asking for is copies of every single FOIA request that outside people or groups have filed that name any of the above people as subjects of FOIA requests, as well as the details of those FOIA requests (i.e. the information sought/description of the FOIA request). That's all. If people submitted supporting materials with their requests, please also include those in the records you release to me.	2/3/2017
EPA-R2-2017-003537	Ignacio Vidal	McConnell ValdÃ©s	On behalf of our client, Ortho Pharmaceuticals, I would like to obtain the sampling results of the sampled supply wells located in Ortho Pharmaceuticals' plant at State Road #2, km 45.6, Campo Alegre Ward, Manatí, Puerto Rico, 00764. Attached find the letter issued by the EPA to request entry into the facilities as well as other information. I have reason to believe that the final report has already been written. I would further like to obtain the sampling results of the wells located in the vicinity of the site that were also taken as part of the Remedial Investigation.	2/3/2017
EPA-HQ-2017-003539	Mr. Brendan J Boyle		This is a request under the Freedom of Information Act. I hereby request all email messages (inbound or outbound), letters, and memoranda, including but not limited to, those authored by Doug Erickson of the Environmental Protection Agency transition team regarding a review of EPA grants and the \$100 million of EPA grants still under review referenced in the USA Today article, titled "Masking concerns, EPA lifts temporary freeze on grants to states" published on January 26, 2017, linked here http://www.usatoday.com/story/news/2017/01/26/masking-concerns-epa-lifts-temporary-freeze-grants-states/97103198/ . As the FOIA requires, please release all nonexempt portions of documents. I am willing to pay fees for this request up to a maximum of \$25. If you estimate that the fees will exceed this limit, please inform me before processing my request. If you have any questions regarding this request, please contact me at 401-391-1804 or foiafileinfo@gmail.com. I look forward to receiving your response within the twenty day statutory time period. Thank you for your consideration of this request. Sincerely, Brendan Boyle FoiaFiler.com	2/3/2017

EPA-R9-2017-003896	Mr. Daniel S Hurwitz	Tropio & Moran	<p>I served 2 tours at Ft. Richardson, Alaska in the 1970's. My job entailed certifying dump & destruction of items my branch, the Medical Corp, oversaw. Unfortunately I was lately told that same area was declared a Hazardous/Toxic Waste Dump Site by EPA but don't know if it is true. My concern is that years after my tours I developed Type 2 Diabetes and have been led to believe being near hazardous/toxic waste could be a contributing factor. And since 2013 I have been diagnosed with tremors which may be a precursor to Parkinson's Disease. Any information on Ft. Richardson Dump Sites and correlation to Diabetes and or Parkinson's would be greatly appreciated as I now have an appointment with a VA Service Officer to make determinations on possible claims. I believe a fee waiver is justified based on several factors in that the public would benefit from the findings. I also believe Expedited Processing would be justified if a health factor/risk to others is possible based upon my description. Thank you.</p>	1/31/2017

EPA-R4-2017-003418	Ms. Kristen N Jurinko	Golder Associates	<p>Dear EPA, my name is Annina Reimann, I am a german journalist. I am seeking documents concerning Volkswagen. The main document is - in my best knowledge - a notification or invoice to Volkswagen. The notification was written in 2014 or 2015, but certainly before Sept.2015. The context was as follows: During emission testing, the Subject Vehicles' run software logic and/or calibrations that produce compliant emission results. At all other times during normal vehicle operation, the Vehicles' software run a separate "road calibration" that reduces the effectiveness of the emission control system. At an early stage of the investigation against Volkswagen VW entities represented to regulators that the vehicles' software could be optimized to address the excess emissions issue and issued a recall "as far as I know this was in December 2014 and March 2015 - for 2.0L vehicles to address the excess emissions issue. Presumably or most likely the notification was written around the time of the Volkswagen recall "It can be this time but this must not be. According to my information your notification should have punished the problem of the discrepancy between dyno and road emissions. According to my information the invoice amounted to approximately 100 million US-Dollars. I am requesting this notification send to Volkswagen. According to my information Volkswagen rejected to pay the 100 million USD. Therefore I am requesting the letter / email or other document from Volkswagen rejecting your claim to collect 100 million USD because of the emissions discrepancy. I am requesting the full correspondence EPA and Volkswagen had about the 100 million USD invoice. In case EPA had correspondence with CARB or DOJ about this matter, I am requesting this correspondence as well. Many thanks. Sincerely, Annina Reimann Redaktion WirtschaftsWoche</p>	1/30/2017

EPA-R3-2017-003400	Kelly O'Reilly		Ramboll Environ US Corporation (Ramboll Environ) is seeking environmental information regarding the properties located at 30653 and 30651 FM 529 in Brookshire, TX. I am seeking information pertaining to environmental matters at the site, including, but not limited to, information regarding underground storage tanks, above ground storage tanks, response to hazardous material or chemical spills or releases, response to fires, past or ongoing environmental remediation or investigations, soil and groundwater sampling or investigations, onsite wells, septic systems, environmental permits (e.g., air emissions, storm water, storage tanks, wastewater discharges, etc.), and violations or noncompliance matters related to environmental permits or regulations (if any). I would also like the following databases to be searched for information regarding this site: RCRA, NPL, CORRACTS, ECHO, FINDS, TTMS, US BROWNFIELDS, TRIS, TSCA and SCRA DRYCLEANERS.
EPA-R6-2017-003389	Lauren DeVito	Ramboll Environ	Dear Records Custodian, Pursuant to Article I, section 24 of the Florida Constitution, and chapter 119, F.S., I am requesting an opportunity to inspect or obtain copies of public records of any environmental testing done in Escambia County, Florida between Jan. 21 and Jan. 30, 2017. The U.S. EPA has been part of the 'unified command' in relation to an explosion at International Paper's Cantonment Mill at 375 Muscogee Road, Cantonment that occurred Jan. 22, 2017. In particular, I”m seeking results of, and requests for, environmental testing, including but not limited to air, soil and water tests in conjunction with an explosion at International Paper in Cantonment on Jan. 22, 2017. This request includes any correspondence about the results of and the requests for these tests, and any analysis of the results. As well, I am requesting access to any waste management plans that outline where the explosion site's waste will be going and how it will be treated. It is my understanding that the 'unified command', of which the U.S. EPA is involved, has created a waste management plan for the cleanup activities surrounding the Jan. 22 explosion incident. Therefore, the waste management plans should be included as a public record due to the EPA's participation in the unified command's actions. If there are any fees for researching or copying these records, please inform me before filling the request. Should you deny my request, or any part of the request, please state in writing the basis for the denial, including the exact statutory citation authorizing the denial as required by s. 119.07(1)(d). F.S. If you have any questions or concerns about the request, you may contact me directly at either (850) 435-8680, or (850) 375-5620. Emma Kennedy Chief and Justice Reporter Pensacola News Journal

EPA-HQ-2017-003296	Mr. Garrett Nelson		<p>Re: Freedom of Information Act Request Dear EPA Headquarters: This is a request under the Freedom of Information Act. I request that a copy of the following documents [or documents concerning the following subject matter] be provided to me: directives, orders, memos and emails from the Federal Government, the Whitehouse transition team and the Executive Branch to limit the ability of the EPA to communicate directly or indirectly with the public through internet, social media, website or any other means. In order to help to determine my status for purposes of determining the applicability of any fees, you should know that I am an individual seeking information for personal use and not for a commercial use. As in internationally recognised artist and educator I will be using the material for my research and for non-commercial distribution and dissemination to the public. I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in my commercial interest. I request that the information I seek be provided in electronic format, and I would like to receive it on a personal computer disk (or a CD-ROM). I ask that my request receive expedited processing because this pertains to immediate actions by our government restricting access to information paid for by taxpayers which may negatively impact the environment and the population. Thank you for your consideration of this request. Sincerely, Garrett Nelson</p>	1/26/2017

EPA-HQ-2017-003253	Dr. Cynara M Medina		To Whom It May Concern: This is a request under the Freedom of Information Act. I hereby request the following records: Please disclose all communications, including email and print media, from the Presidential Transition Team and Trump White House to the agency regarding limiting public communication, including news releases, photos, fact sheets, news feeds and social media, or scientific research by agency staff and scientists. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires.	1/26/2017
EPA-R2-2017-003254	Mrs. Mandi L Dodd		I would like to make a request for the unpublished information from the EPA's database of W.R. Grace shipping invoices that are referenced in the attached documents (Pg. 5 OF 46 of the zonolite). The reference lists an EPA's database of W.R. Grace invoices, I would like to request the W.R. Grace invoices from 1966-1990. Willing to pay 25.00-7. The Zonolite/W.R. Grace facility used three vermiculite expanding furnaces and one mixer for the manufacture of vermiculite-based products. Most of the raw vermiculite was obtained from the Zonolite/W.R. Grace mine located in Libby, Montana. From 1966 through 1988, an estimated 317,870 tons (representing 3,346 shipments) of vermiculite ore was received by the facility (unpublished information from EPA's database of W.R. Grace invoices). Actual tonnage shipped to this facility may be higher or lower. In response to an EPA Region 2 request, W.R. Grace reported that from 1957 through 1991, 197,076 tons of vermiculite was shipped to the Hamilton facility. A separate inquiry into the Libby shipping invoice database revealed that the total tonnage shipped to Hamilton was 357,7242. Variations in the tonnage estimates may be due to duplicate invoices, a lack of invoices for all the years of operation, and inaccuracies in 1 Response for information from Nelson, Mullins, Riley & Scarborough, LLP, to Michael Ferriola, EPA Region 2, March 28, 2001. 2 Invoice inquiry dated February 1, 2001. There is also reference in the June 14, 2007 Report of the ATSDR that references: Unpublished data from a database of W.R. Grace documents that EPA Region 8 obtained through legal means during the Libby mine investigation. This document database contains confidential business information as well as private information that is not available to the public.	1/26/2017

Thank you.	1/25/2017
EPA-HQ-2017-003187	Mr. Joel Miller		According to my research, the Environmental Protection Agency, the Interior Department, the Department of Agriculture and the Department of Health and Human Services (and potentially others) have been directed by the President to not publicize any data or reports for at least the next 60 days. As a test case, I would like to request that any reports, data, studies, or any other relevant materials that have been prepared (or will be prepared), but cannot be released due to what essentially amounts to a gag order, to be provided to me under the Freedom of Information Act. My intent is to further release the provided information to any and all additional parties who desire it. If this is successful, I intend to file other FOIA requests with any other agencies affected by this executive directive.	1/25/2017

EPA-R4-2017-003186	Rachel Bekowies	PM Environmental Inc.	PM Environmental is conducting an environmental site assessment and is seeking the following records--SEMS Records for Center State Manufacturing Site; 207 Hammic Dr, Oxford, Calhoun County, AL; Site ID: 406945/EPA ID: ALSPN0406945	1/25/2017

EPA-HQ-2017-003205	Rachel Clattenburg	Public Citizen	On behalf of Public Citizen, Inc., and pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, I request: 1. All records of communications from or on behalf of the Trump Administration and/or the Trump Transition Team to EPA providing guidance on which agency matters EPA employees may or may not publicly discuss and/or regulating how or whether EPA employees may speak about any agency matter with individuals or organizations outside the agency, for the period from January 20, 2017, through the date of processing this request. Background discussion of the concerns motivating this request is provided in the January 24, 2017, article in Politico by Andrew Restuccia, Alex Guillée, and Nancy Cook, entitled Information lockdown hits Trump—s federal agencies, available at http://www.politico.com/story/2017/01/federal-agencies-trump-information-lockdown-234122. 2. All records of communications disseminated internally to EPA employees to provide guidance on which agency matters EPA employees may or may not publicly discuss and/or to regulate how or whether EPA employees may speak about any agency matter with individuals or organizations outside the agency, for the period from January 20, 2017, through the date of processing this request. 3. If it is your position that responsive records exist but that those records (or portions of those records) are exempt from disclosure, please identify the records that are being withheld and state the basis for the denial for each record being withheld. In addition, please provide the nonexempt portions of the records. Public Citizen seeks each record in its entirety. Accordingly, please do not redact portions of any record as “non-responsive,“ “out of scope,“ or the like. I request that any records produced in response to this request be provided in electronic form wherever possible. Based on a citizens right to information, I request the climate change webpage remain in tact. It's our right to know!	1/25/2017

EPA-HQ-2017-003176	Susan Everett		Release of all directives and communication, including but not limited to letters, phone messages, phone logs, emails, memos, diaries, meeting notes, phone call notes, between the United States Executive Office to the Environment Protection Agency between 12:01 pm January 20, 2017 to 11:59 pm January 24, 2017 (EST). Also, all directives, procedures and policies issued to Environmental Protection Agency employees during the same time period.	1/25/2017	
EPA-HQ-2017-003214	Cheryl S Chitayat		Is it true that President Trump has ordered the climate change page of the EPA to be taken down? And is it true that there is a "gag order" on employees of the EPA posting information on social media? Please provide me with the documentation relating to these directives. I am concerned about any deliberate erosion of the integrity of the EPA! Climate change is real. Thank you, Cheryl Chitayat Concerned citizen	1/25/2017	
EPA-R4-2017-003218	Mr. Nick Martin	Ramboll Environ	I am seeking information related to an environmental cleanup at 6870 HWY 42 East, Ghent, KY 41045, which may have been overseen by the EPA (Federal Superfund Program). EPA-HQ-2017-003179	Tracy Loftesness		Any and all written or recorded communications, including but not limited to email, voice mails, texts, SMS/MMS, chats, memos, communication strategy documents, or other correspondence, from on or after 1/19/2017, regarding a cessation, hold, delay, and/or reduction of use of EPA social media accounts, the engagement of a digital strategist on behalf of the EPA, and/or the cessation, hold, delay, and/or reduction of communications by EPA personnel with the public.	1/25/2017	Ex. 6
EPA-2017-003208	Mr. Christopher Collins	MuckRock	Requesting any and all memo(s) or other types of printed or emailed messages distributed by a Trump administration transition team to communication directors and/or other employees at the Environmental Protection Agency regarding new protocols for communicating with the public and/or the media.	1/25/2017	Ex. 5
EPA-HQ-2017-003140	Ms. Nancy Gaines	Ms.	I request the release of all official communications, documents, transmissions, or any other communications of any kind between the White House and the EPA with regard to the Executive Order signed 1/24/2017 freezing all EPA contracts and ordering a media blackout. I would further request all internal documents and memo that provide information on the programs effected by this freeze.	1/25/2017	
EPA-HQ-2017-003167	Mr. Robert F Campbell		All memos e-mails and other forms of correspondence related to restrictions and/or prohibiting of EPA staff and employees from communicating with the public, press, and members of Congress via formal (phone, writing) and informal (word of mouth, social media) outlets.	1/25/2017	
EPA-HQ-2017-003161	Mr. Glenn A Ballenger		I want all memo's and or directives received from the new Trump administration (including any correspondence to stop emails, webinars).	1/25/2017	
EPA-HQ-2017-003163	Sandra R Roth		I am requesting a copy of all orders issued to the EPA by the Trump Administration since 1/20/2017 - especially those regarding how the EPA will function during these first few weeks and what, if any, communication with the public can be undertaken by employees of the agency. I am concerned about the gag orders that have been reported, the immediate freezing of contracts and research and other executive orders and instructions. We the people have a right to know what is going on and how the Agency is, ineffect, being shut down.	1/25/2017	
EPA-HQ-2017-003138	Mrs. Stephanie Steinmetz		I demand that the public has the right to know information about the EPA. Trump's ban on EPA employees from sharing information through social media is absolutely terrifying and absurd.	1/25/2017	
EPA-HQ-2017-003154	Madeline Cronin		The people of The United States Of America have the right to know what the government is doing within the EPA. Donald Trump doesn't have the right to ban information from American citizens because he doesn't like the organization and/or believe in what it does.	1/25/2017	
EPA-HQ-2017-003143	Danielle Schultz		To Whom This May Concern, I would like to formally request any climate change data that is open to the public for my personal research. I will gladly answer any questions. Thank you, Danielle Schultz	1/25/2017	
EPA-HQ-2017-003145	William He		I believe it is in the public interest that the EPA release any information including but not limited to, press releases, blog updates, and social media posts that should have been released since administrative instructions prevented the dissemination of such. Preferably, and without request due to their yet unrecorded nature, any future documents of the like should also be released as per usual. It is wrong to deny the public access to such information, whether due to an administrative change, political shift, unwarranted command, or any other reason, so all publications that have been backlogged, repressed, or otherwise held back should be released and continue to be released. People have the right to access what should be public knowledge, either directly or from news sources, and the EPA has the obligation to release this information without scrutiny or bias that may result from not doing so.	1/25/2017	

EPA-R5-2017-003152	Robert A Marklein	1010data	Please provide a list of the top 25 EPA funded projects in Region 5. Please include why each is funded and the potential environmental impact. I want to understand the potential environment impact to the region where I live if projects are shut down, so I can communicate an appropriate message to my representatives in Washington.	1/25/2017	
EPA-HQ-2017-003148	Abraham Lustgarten	ProPublica	Pursuant to FOIA I request copies the list and contact information of all registrants for all public meetings held by the EPA concerning its IRIS review of RDX between Jan 1, 2013 and Jan 20, 2017, as well as any presentation materials or prepared comments also collected from these registrants, per the EPA's guidelines for these meetings referenced below. In addition, I'd like to request copies of any meeting minutes, digitally recorded webinar, or other audio or visual recordings made of these public sessions. According to the notice at Regulations.gov, "Meeting Registration and Presentations Registrants will be required to provide their name, title, affiliation, sponsor (if different from affiliation), and contact information. If you intend to request time on the agenda to make a specific presentation, please register no later than 30 days before the meeting to attend in person or via webinar/teleconference. All other participants should register no later than 7 days before the meeting. Participants that want to make a specific presentation should indicate such in their registration and provide the length of time required. In general, presentations should be no more than 30 minutes. Please submit any written materials to the appropriate docket number for the subject chemical, as specified in Section III of this notice, no later than 7 days before the meeting. If there are more requests for presentations than time allows, the time limit for each presentation will be adjusted. During the meeting, remote attendees and individuals attending the meeting in person are welcome to make comments, ask questions, and participate in the dialogue. Details regarding registration procedures (in person, via webinar, or teleconference) will be posted on the IRIS Web site (http://www.epa.gov/iris/publicmeeting)."	1/25/2017	Ex. 6
EPA-R5-2017-003139	Mr. Adam Willis	ETS Environmental & Associates	ETS Environmental & Associates, LLC (ETS) is conducting a Phase I Environmental Site Assessment for 725 McKinley Avenue, Litchfield Illinois. EPA-HQ-2017-003164	Mr. Brian P Maloney		REQUEST FOR DOCUMENTS. Please provide, in accordance with the definitions and instructions set forth below: 1. During the period October 1, 2016 through the present, all Documents and Communications concerning the removal, deletion or destruction of climate change Documents (including, without limitation, research) in the possession, custody or control of EPA. REQUEST TO PRESERVE DOCUMENTS. 1. Please preserve, and do not delete, remove or destroy, all climate change Documents that have been identified for deletion, removal or destruction by EPA or which may be subject in the future to deletion, removal or destruction by EPA. This is a continuing request to preserve all responsive Documents and Communications now in the possession, custody or control of EPA, or that are subsequently generated through January 20, 2025. Please note that 40 CFR Sec. 2.106 requires that each FOI Officer shall preserve all correspondence pertaining to the FOIA requests that it receives until disposition or destruction is authorized by title 44 of the United States Code or the National Archives and Records Administration's General Records Schedule 14. Copies of all responsive records should be maintained by the appropriate program office. Records shall not be disposed of while they are the subject of a pending request, appeal, or lawsuit under the FOIA. DEFINITIONS AND INSTRUCTIONS (A.) The term "document" is defined to be synonymous in meaning and equal in scope to the usage of the term "documents or electronically stored information" in Fed. R. Civ. P. 34(a)(1)(A). (B.) The term "communication" means the transmission of information (in the form of facts, ideas, inquiries or otherwise), and includes all forms of communication in hard copy or electronic form. (C.) The term "concerning" means relating to, referring to, describing, evidencing or constituting.	1/25/2017	
EPA-HQ-2017-003170	Mr. Thomas W Welsh		I am asking for the release of all communications that were not released due to the gag order placed on the EPA by the executive branch of the government. The following was extracted from an article by the BBC on 1/24/2017. Meanwhile, a media blackout has been introduced at the Environmental Protection Agency (EPA), according to the Associated Press news agency. It bans staff from awarding new contracts or posting on any of the agency's social media accounts. The main EPA account has not posted anything since 19 January, a day before Mr Trump's inauguration.	1/25/2017	
EPA-HQ-2017-003173	Kevin Bogardus	E&E News	I request copies of all emails sent to and from the EPA Office of Public Affairs containing the term "who.epa.gov"; from Jan. 20 to Jan. 27, 2017.	1/25/2017	Ex. 6, Ex. 5
EPA-HQ-2017-003142	Mrs. Shelly R Brown		I would like a copy of the communique to employees that ordered them to not disclose new requirements imposed by the president inaugurated on January 20, 2016.	1/25/2017	
EPA-HQ-2017-003159	Mr. Edward H Heyburn	Law Offices of Edward Harrington Heyburn,	Any correspondence from the White House to the EPA concerning the content of the EPA's website from 1/20/17 through 1/24/17.	1/25/2017	
EPA-R4-2017-003158	Mr. David A Rodriguez		I have heard recently in the news reports of toxic algae blooms increasing in Florida's bodies of water. I am aware that this is related to various factors including runoff from fertilizer. I would like to know what the rate of increase of the algae blooms over time is and how this affects local ecosystems and biodiversity.	1/25/2017	
EPA-HQ-2017-003147	Meghan Foster		I'd like a copy of the memo preventing all social media and press releases from your department	1/25/2017	
EPA-HQ-2017-003168	Brendan J Witry		Information, including emails, correspondence, or memos regarding a so-called freeze of EPA social media accounts.	1/25/2017	
EPA-HQ-2017-003166	Mr. Benjamin M Romer		I request electronic copies of any and all documents, emails, reports, research, messages, and other communications affected by the ban on public release by Donald Trump.	1/25/2017	
EPA-HQ-2017-003169	Luke Olson		I'd like to request all correct data on climate change from any unpublished research currently underway.	1/25/2017	
EPA-R8-2017-003171	Mr. Jarett Anderson		All climate related information issued on Tuesday Jan 24, 2017 from the Badlands National Park in SD has disappeared from the Twitter account @BadlandsNPS. I would like to see all climate and climate change related data and information shared via @BadlandsNPS on Jan 24, 2017. Thanks!	1/25/2017	
EPA-HQ-2017-003151	Mr. Jason Paladino	UC Berkeley Investigative Reporting Program	Pursuant to the federal Freedom of Information Act, 5 U.S.C. 552, I request access to and copies of the communications from the Trump administration to EPA regarding a media blackout. Please make email communications, memos, messages, or other forms of communication available. Background: https://www.washingtonpost.com/news/energy-environment/wp/2017/01/23/trump-administration-tells-epa-to-freeze-all-grants-contracts/?utm_term=.506443b4d67d As a journalist acting in the public interest I would request a fee waiver. Further, in the interests of saving taxpayer funds, I would request that all data and documents be communicated electronically. If specific portions of any documents are exempt from disclosure, please provide the non-exempt portions and please provide a statutory reason as to why those records are exempt. The disclosure of the requested records will significantly contribute to expanded public understanding of government operations. I have the intent and ability to disseminate this significant expansion of public understanding of government operations. The public interest in this significant expansion of public understanding of government operations far outweighs any commercial interest of my own in the requested release. This request is made under the state's public records law, which was inspired by and created as a result of the federal Freedom of Information Act (FOIA). I call your attention to President Obama's 21 January 2009 Memorandum concerning the Freedom of Information Act, in which he states: "All agencies should adopt a presumption in favor of disclosure, in order to renew their commitment to the principles embodied in FOIA [...] The presumption of disclosure should be applied to all decisions involving FOIA" In the same Memorandum, President Obama added that government information should not be kept confidential "merely because public officials might be embarrassed by disclosure"	1/25/2017	
EPA-R8-2017-003165	Mr. Blair Miller	KMGH-TV	To Whom It May Concern: This is a request under the Freedom of Information Act. I hereby request the following records: Any and all communication between Region 8 officials and Environmental Protection Agency (EPA) headquarters officials generated between November 1, 2016 and February 1, 2017 that includes the any of the following words: Gold King Gold King Mine Mine spill Settlement Colorado Navajo Settlement Payout Usdall Payment Dollars Millions Please include emails, spreadsheets, PowerPoints, and other documents used in communications regarding the Gold King Mine, the August 2015 spill and subsequent cleanup, and any payouts to various states as outlined using the words above. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires. Sincerely, Blair Miller KMGH-TV / Denver7 (ABC) Denver, Colorado	1/25/2017	
EPA-HQ-2017-003146	Kenneth Calci		I want a Freedom of Information Act request to learn why President Donald Trump froze the agency and what his plans are. The public is very concerned about the media blackout.	1/25/2017	
EPA-HQ-2017-003172	Mr. Jeremy D Land		I would like a copy of all climate data that the Trump administration is ordering be removed from the EPA's Web site.	1/25/2017	

EPA-HQ-2017-003155	Mr. Steve Reilly	USA TODAY	* Copies of all written directives or memoranda issued from the Office of Administration and Resources Management to the EPA headquarters public affairs office between January 20, 2017 and January 24, 2017 regarding public affairs activities.	1/25/2017	Ex. 5
EPA-R8-2017-003160	Cristina Hernandez		Please disclose any and all documents relating or referring to any policies, instructions, directives, suggestions, correspondence (including electronic mail) or advice regarding the use of any social media websites or accounts (including but not limited to EPA and/or National Park sites twitter, Facebook, Instagram) by the EPA and/or any EPA employee or appointee. This request is limited to those documents created on or after January 20, 2017 to the date of this Request. This request should be interpreted so as to include, but is not limited to, any such documents relating to the Badlands National Park Twitter account (@BadlandsNPS).	1/25/2017	
EPA-HQ-2017-003156	Mr. Steve Reilly	USA TODAY	* A full copy of the directive, memorandum, or other written communication received by staff of the Environmental Protection Agency's public affairs staff between 1/20/2017 and 1/24/2017 containing the text: "incoming media requests will be carefully screened."	1/25/2017	Ex. 6
EPA-HQ-2017-003162	Tamara Bartolet		I would like a copy of the coorespondence that shut down the EPA's ability to communicate with media and the public from the White House.	1/25/2017	
EPA-HQ-2017-003150	Mr. Dana L Briggs		All documents, emails, memorandums, contracts, grants, press releases, proposed regulations, suspended regulations, executive orders, internal policy documents, and any other information or documents that fall within the scope of any executive or other order or directive to not provide such information to the public.	1/25/2017	
EPA-HQ-2017-003149	Mr. Jason Motz		I am requesting information on the EPA's standards and practices regarding Social Media and responding to media queries. Specifically, any communication, notice, memo or report since January 21, 2017. This may include an internal house style guide or educational materials to all EPA staff with communications clearances. As well, I would like any of the same documentation dating back to January 2009 for comparative purposes. I may make a similar request in the near future using a wider time frame. For now, January 2009 and January 2017 will suffice.	1/25/2017	
EPA-R5-2017-003141	Mr. Tarek Aboueld	BBJ Group (Environmental Consulting)	I would like any information regarding any known, removed, or installed Aboveground Storage Tanks/Underground Storage Tanks, hazardous materials incidences or storage, and/or land/water contamination at the following address: 3& Brooklyn Center, MN (Shingle Creek) Retail Store 3& 1090 Shingle Creek Parkway, Brooklyn Center, Minnesota 3& St. Paul, MN (Grand Ave) Retail Store 3& 793 Grand Avenue, St. Paul, Minnesota 3& Minneapolis, MN (50th and France) Retail Store 3& 5047 France Avenue, Minneapolis, Minnesota	1/25/2017	
EPA-HQ-2017-003100	Jamie Dupree	Cox Media Group	I am requesting emails between January 19, 2017 and January 24, 2017, concerning restrictions placed on the Office of Public Affairs in dealing with the news media, making blog posts and social media postings. I would like the email search to include the following EPA personnel: Sarah Sowell, Julia Valentine, Ron Slotkin, Monica Lee and Danny Hart.	1/24/2017	
EPA-HQ-2017-003134	Mr. James P Carrion	Mr.	All email correspondence between the Office of the President of the United States and its representative and any EPA officials including: Emails sent to EPA staff since President Trump's inauguration on January 20, 2017 related to prohibitions banning news releases, blog updates or posts to the EPA's social media accounts and orders of a "temporary suspension" of all new business activities at the EPA, including issuing task orders or work assignments to EPA contractors.	1/24/2017	
EPA-R8-2017-003116	Don Strack		I want to obtain a copy of a report completed in 2005, with the following title page information (also see attached). I have photocopies of the title page and 10 selected other pages, and want to obtain a copy of the full [344 page?] report. Here is the full title:"Oquirrh Mountains Mining and the Environment;" Eva J. Hoffman; U. S. Environmental Protection Agency, Region 8; 999 18th Street #300 Denver, CO 80202; April 21, 2005.	1/24/2017	
EPA-HQ-2017-003127	Annalee Armstrong	S&P Global Market Intelligence	I am writing to seek documents pertaining to communications between the U.S. Environmental Protection Agency, and either the Office of Public Affairs or the Trump administration's "Beach Team." I am specifically looking for any communications or directives issued to agency staff on new media policies, including but not limited to: instructions on the EPA's social media presence; speaking with the press; editing the EPA.gov website or any other directive associated with external communications. I would also like any communications regarding freezing work on any federal grant programs, or other programs related to climate change, pollution or air quality, between the U.S. Environmental Protection Agency, and either the Office of Public Affairs or the Trump administration's "Beach Team." I would prefer to receive these documents in electronic form, if possible.	1/24/2017	
EPA-HQ-2017-003117	Mr. Adam D Green		Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and/or the Privacy Act, 5 U.S.C. § 552a, I hereby request access to (or a copy of) all records pertaining to the day-to-day operations of the Environmental Protection Agency, including updates on the agency’s operations, under the Administration of President Donald J. Trump, through February 1, 2017 or the date of this request’s receipt, whichever is sooner. I am requesting these records for non-commercial and educational purposes; transparent governance by the consent of the People is a cornerstone of our republic. If any expenses in excess of \$50 are incurred in connection with this request, please obtain my approval before any such charges are incurred. However, I request a waiver of fees because my interest in the records is not primarily commercial, and disclosure of the information will contribute significantly to public understanding of the operations or activities of the government. Under the recent Executive Order signed by President Trump, the public has been occluded from the operation of this government agency. I will expect a response within 20 working days as provided by law. If my request is denied in whole or in part, I expect a detailed justification for withholding the records. I also request any segregable portions that are not exempt to be disclosed. Thank you for your prompt attention to this matter.	1/24/2017	
EPA-R4-2017-003095	Ms. Beth Whitener	PM Environmental	Would like any SEMS records for Center State Manufacturing, 207 Hamric Drive, Oxford, Al; (EPA#: ALSFN0406945)	1/24/2017	
EPA-HQ-2017-003119	Mr. Trevor P Criswell		President Trump has just issued a media blackout on the EPA, not allowing the agency to update the public on any agency news until his administration sees fit. I am requesting any and all communication between the Trump administration and the EPA during the media blackout. During this time of a new administration, especially since President Trump wants to change the focus of the EPA, it is essential the American people have transparent access to any and all communications regarding the agency in the new administration. The EPA serves at the pleasure of the President; he has a right to order a media blackout, however, since the President serves as the pleasure of the citizens of the United States of America, we have a right to know any communications between the Administration and the EPA during this time. Unless this information is paramount to national security, I am requesting its immediate release.	1/24/2017	
EPA-R5-2017-003090	Ms. Sarah E McGinnis	Weaver Consultants Group	Pursuant to the federal Freedom of Information Act, Weaver Consultants Group North Central, LLC is requesting any paper, microfiche, or digital documents that the USEPA may have on file concerning current or historical aboveground/underground storage tanks, environmental and/or building permits, conditions, inspections or violations located at the following PINs in Plano, IL: 01-15-400-003; 01-22-201-004 If you have any questions or need additional information regarding this request, please do not hesitate to contact me at (630) 717-4848 or smcginnis@wcgp.com. Thank you in advance for your attention to this request.	1/24/2017

EPA-HQ-2017-003133	Mr. Dan Vergano	BuzzFeed News	Requesting copies of all communications, including emails and instant messages, sent to and from EPA headquarters personnel from 1/20/2017 to 1/23/17 regarding a freeze in contracts and grants at the agency.	1/24/2017	
EPA-HQ-2017-003130	Susan M Rotkis		Please send me the following information available in electronic form, I am specifically not seeking copies of paper documents. I am specifically not seeking information that was originated by the White House or exempt White House officials. (1) all communications from the EPA to the White House, the Office of Administration, the Office of Vice President from January 19, 2017, through the present (2) all executive orders and public documents from January 4, 2017, through the present (3) all communication between the EPA and any leadership member of the U.S. House of Representatives and the U.S. Senate from January 4, 2017, through the present (4) all communications, internal memoranda, studies, decisions, text messages or voicemail containing the word "Pruitt" since December 27, 2016, through the present I am just an ordinary person looking to make informed choices. Thank you.	1/24/2017	
EPA-R3-2017-003114	Christian Jubok	REMCON3, LLC	For the purpose of this assessment, I am requesting that your office forward copies of any information or files that may indicate areas of potential environmental concern found on or around the following address: 601 50th Street NE Washington, DC 20019 I am specifically interested in information pertaining to known contamination, underground storage tanks, past and present waste management practices, discharge permits, violations, hazardous materials responses, and any other applicable information.	1/24/2017	
EPA-HQ-2017-003122	Steve Suranile		Dear Sir or Ms: I am making a request through the Freedom of Information Act (FOIA) for, well, pretty much anything and everything the current President and/or his appointees are forbidding you from releasing through social media, emails or any electronic means. Sorry I am not being more specific but you know and I know I shouldn't even have to make this request. Hang in there. Remember, resistance is not futile. God bless.	1/24/2017	

EPA-HQ-2017-003120	Mr. Alex Porges	Landis International	<p>The Pyrethroid Working Group (PWG) is an industry-based group that works together on regulatory issues associated with uses of Pyrethroids as pest-control agents used in crop protection, residential settings and public health. The group comprises six companies who are basic manufacturers and primary registrants of a number of Pyrethroid insecticides. Since the PWG was assembled, over 200 study data reports have been submitted to the EPA in order to satisfy Agency requirements. However, it has become apparent that while these data have been provided to the EPA, EFED has not responded similarly with transmitting data evaluation records (DERs) back to the PWG. Currently the Pyrethroid active ingredients are undergoing Registration Review and the EPA preliminary risk assessment (PRA) has been posted for public comment. While the number of data submissions for which the PWG does not have DERs is extensive, there is a priority list which is important to positioning the PWG's Pyrethroid PRA response correctly. The PWG is hereby requesting that these priority DERs be sent to the task force in an accelerated timeframe so that they are able to draft a response appropriately. The list also includes a number of Open Literature Review Summaries (OLRSs) which are critical for the PWG to draft their PRA response. The provided spreadsheet lists the 106 DERs that the PWG is requesting with the top 52 (i.e. rows 2-53) considered top priority. The provided Word document lists the OLRS's that the PWG is requesting with the top 18 considered top priority (highlighted in blue). If you have any questions or comments about the FOIA request, please contact Dick Collier or myself at the following phone numbers or email addresses: (229) 251-2818 & (229) 548-2802 or dcollier@landisintl.com & aporges@landisintl.com, respectively. Thank You, Alex Porges Landis International, Inc.</p>	1/24/2017
EPA-R9-2017-003103	Ms. Kristine Savona		<p>296, 300, 308 W. Carroll Avenue 255 S. Vermont Avenue Glendora, CA 91741 Dear Sir/Madam: We would like to request any information your office has regarding any environmental documents, underground storage tanks (USTs) or hazardous materials for the property listed below. If any records are located, we would like to obtain copies or schedule a file review. If no records are available, please contact me to confirm. Thank you for your assistance.</p> <p>OPP Request: Please send me the most recent product chemistry review (DER) for Sanafoam Vaporooter II (EPA Reg. No. 1015-70). Note: Pyxis is the agent for Douglas Products, the registrant of this product, therefore, a CBI review should not be needed.</p>	1/24/2017

EPA-HQ-2017-003106	Wendy Wilk	hearth television	<p>This is a request under the Freedom of Information Act. I hereby request copies of orders of a temporary suspension of all new business activities at the EPA, including task orders and work assignments to EPA contractors. I also request any copies of any correspondence regarding a media black-out, including banning press releases, blog updates, or posts to the agency's social media accounts. As the FOIA requires, please release all reasonably segregable nonexempt portions of documents. In order to help to determine my status to assess fees, you should know that I am the Washington Bureau Chief for Hearst Television. I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in my commercial interest. I am willing to pay fees for this request up to a maximum of \$25. If you estimate that the fees will exceed this limit, please inform me before processing my request. If you have any questions regarding this request, please contact me at 202-457-0220. I look forward to receiving your response within the twenty day statutory time period. Thank you for your consideration of this request. Sincerely, Wendy Wilk</p>	1/24/2017

EPA-R10-2017-003113	Shannon Williamson	Lake Pend Oreille Waterkeeper	<p>Pursuant to the Freedom of Information Act (5 U.S.C. §552), Lake Pend Oreille Waterkeeper requests access to the following: Bonner County's original Pesticide Discharge Management Plan (PDMP), also referred to as Bonner County's application report referenced in an email dated June 23rd, 2016 from Dirk Helder (EPA) to Brad Bleumer (Bonner County) with a cc to Steven Potokar (EPA). This email was obtained through a previous FOIA request (EPA-R10-2016-009545) submitted by LPWO on 8/18/2016 and closed by EPA on 10/6/2016. The email from Mr. Helder to Mr. Bleumer states: "Second, you had previously provided a copy of Bonner County's application report to me that does not adequately include all the information required by EPA in the Pesticide Discharge Management Plan (PDMP). I have enclosed all the permit conditions below for your review. But, in particular you should review and update your PDMP (see Section 5 below) and provide a copy of that to me." Mr. Helder's statement quoted above indicates that Bonner County had provided a version of their PDMP (also referred to as Bonner County's application report) to EPA prior to June 23rd, 2016. We are seeking access to this document rather than the revised version that was submitted to EPA in response to Mr. Helder's request. The revised version is dated 7/5/2016. Bonner County's revised PDMP also indicates that the original document was created on 3/3/2014. Please do not hesitate to get in touch with Shannon Williamson, LPWO's Executive Director if additional details or clarification is needed. Thank you for your consideration.</p>	1/24/2017

EPA-HQ-2017-003053	Dr. Mohan Doss	Fox Chase Cancer Center	<p>Please provide me a list of all the home addresses in the USA where radon mitigation has been performed. For these homes, please also provide the date of radon mitigation, the measured radon level before mitigation, and the measured radon level after mitigation. If several radon measurements were made in these homes (in different rooms and/or on different dates), please provide all the available measurements. Please also provide a list of all home addresses where radon levels were measured and radon mitigation was not performed. For these homes, please provide the dates of radon level measurements and the measured radon levels. If several radon measurements were made in these homes (in different rooms and/or on different dates), please provide all the available measurements. Please provide the above data in a spreadsheet or in a pdf or Word document file format. In most states, the state departments collect data on radon mitigation performed by radon contractors and so would have this information available. I need the above information for conducting a research study on the effect of radon mitigation on lung cancers in the residents of radon-mitigated homes. Thanks.</p>	1/23/2017

EPA-HQ-2017-002933	Christian Ampuero		<p>I wanted to get the Federal Waste Generator Code for the sites included in the file I enclosed. I have been told that the sites listed are older listings and the reporting process didn't allow you to specify what kind of generator was on the sites. The listed sites currently has a null value but should have either 1,2,3 or NA. The column the data is in is column AQ named "Federal Waste Generator Code". I would like the listing I have enclosed to have that information added in for each site. I last received data for a similar request which was EPA-HQ-2016-007133. EPA-R10-2017-002926	Lindsay Ward	Ms.	<p>Good Afternoon, My name is Lindsay and I work with Building Evaluation Services and Technology. We are doing an Environmental Site Assessment on the Reflections by Windsor located at 6332 E Lake Sammamish Parkway NE in Redmond, Wa 98052. Upon review of this property, it was discovered that this facility was formerly developed with Redmond Waste Oil at 6206 E Lake Sammamish Parkway Redmond, Wa 98052 (EPA Registry id: 11000536670/RCRA id: WA0980494159). I see that this facility is listed on the FINS and RCRA Databases. I was hoping to get any and all documentation the US EPA has on file for the Redmond Waste Oil facility including all maps, rcra compliance reports, rcra applications, or any additional information you may have on file that is not listed on the ECHO website. Please let me know if you need any additional information or if you have any questions. Thank you in advance for your help in this timely matter.</p>	1/17/2017

January 25, 2006. I have attached a copy of both. The Plan that I have attached appears to be incomplete, as it is missing Figures 2 and 3. I believe the BTEX Map is what was used for Figure 3. It appears, along with data from other entities, the U.S. EPA prepared this. A spill plume map&#228 (also attached) with the BTEX data from Shaw to show the impacted area at the Delta Fuels facility resulting from a November 2005 spill on-site. EPA-HQ-2017-002749	Brannon Berry		Per Mr. Waleko's email below, I would like to request the data/information regarding fipronil incidents reported to Incident Data System (IDS) AFTER November 30, 2010. From: Waleko, Garland [mailto:Waleko.Garland@epa.gov] Sent: Wednesday, December 28, 2016 2:10 PM To: Brannon Berry Co. Recvco. Subject: FW: OPP Incident Data System (IDS) [WARNING: SPF validation failed] Good afternoon Mr. Berry, In response to your request regarding fipronil incidents and the OPP Incident Data System (IDS), below is the link to the registration review public docket (#EPA-HQ-OPP-2011-0448) at www.regulations.gov, specifically the fipronil incident memo —Review of Human Incidents—. Record, 3/1/2011, D387320) referenced in the fipronil scoping document that you referred to in your message below. The incident memo contains a narrative summary of the higher severity incidents (those involving death, major or moderate outcomes) reviewed from January 1, 2002 to November 30, 2010 in Appendix 1: https://www.regulations.gov/document?D=EPA-HQ-OPP-2011-0448-0005 The less severe human incidents (minor, unknown, or no effects outcomes) are reported by registrants and stored in the IDS as counts, called aggregate summaries, which do not include any narrative information. The updated draft registration review risk assessment for human health is currently anticipated to publish for public comment in June 2017, and will include an update of fipronil incidents. In the meantime, if you would like to request information regarding fipronil incidents reported to Incident Data System (IDS) after November 30, 2010, this information is available through a Freedom of Information Act (FOIA) request. Please let me know if you have further questions. EPA-R2-2017-002705	Diana Lennon	JM Sorge, Inc.	Hello! I am a community member in Brisbane, CA. Our City Council is in the process of making land use decisions on 700+ acres of land that contains 3 Superfund sites, without knowing the nature of the toxins that are in this land. Most of this land had no testing protocols for the many years that the chemicals were used or dumped on the land. The 3 sites have Superfund ID numbers, however, none of them are on the NPL list. This has not been an issue until now. There are now plans (by a developer who bought this land) to build housing on this land. This land was home to a railroad maintenance yard, a City dump for SF from 1906 - 1967, and has been part of a soil recycling program, where untested soils from construction sites (Including the excavation of an old subway station) have been dumped on the land since 1990. (In 2009, the soil recycling company developed safety standards and a testing protocol - however, for 19 years, there were no safety standards or testing.) The community of Brisbane would like to see the records of what the EPA found on these sites, and the recommendations for clean-up. The community of Brisbane would like to have more visibility in how toxic the land is before making land use decisions. From what we can find on the internet, it appears that there was identification of toxins on these sites, but remediation. One site was archived and 2 are still active. Since they are not on the NPL list, there is very little online information about these sites. There are records of asbestos, lead, arsenic, and several other bioavailable compounds. Please send records on The Brisbane Dump Site EPA Superfund # CAD98366908 The So Pacific Trans Co Superfund # CAD980638415 and Stauffer CHEM Co Superfund # CAD980636948. Thank you so much! We are very concerned with the health and safety of the members of our community and would like to know more information and conduct further investigation before making land use decisions. EPA-R2-2017-002658	Matthew P Johnson	Georgetown University, Department of Hist	I am requesting any documents or other archival material held at the RCRA Record Center related to oil refining in the U.S. Virgin Islands (St. Croix) and Puerto Rico. Specifically, I am looking for historical documents, such as, but not limited to, technical documents and correspondences, related to the HOVENSA LLC oil refinery on St. Croix (previously Amerada Hess). I am interested in looking at all documents since the EPA or predecessor agencies began monitoring the site (the 1970s or 1980s for the EPA, and the mid 1960s for predecessor agencies such as the Technical Services Program of the Federal Water Pollution Control Administration) through the present. The EPA ID number for the HOVENSA site is VID980536080. I am also requesting all available historical documents for the five oil and petrochemical refineries on Puerto Rico. I am interested in all documents since the EPA or predecessor agencies began monitoring these sites. The EPA ID number for the Commonwealth Oil Refining Company (CORCO) is PRD091017228. The EPA ID number for Union Carbide LLC (UCCLLC) is PRD980594618. The EPA ID number for Chevron Phillips Chemical Puerto Rico Core (previously Philips Puerto Rico Core) is PRD091291972. The EPA ID number for Puma Energy Carbide LLC (previously Caribbean Gulf Refining Corporation) is PRD000632182. Lastly, the EPA ID number for Shell Chemical Yabucoa Inc. (previously Puerto Rico Sun Oil Co.) is PRD000074071. Of the Puerto Rico refineries, I am most interested in documents from the CORCO, UCCLLC, and Chevron Phillips Chemical sites, but would like to see documents from all five refining sites if they are available. This project is an ongoing project that I will continue to work on through summer, if not later. Thus, I am requesting that my FOIA request be kept open as long as possible. I am available to come to New York to look through the documents myself between Monday, March 6, 2017 and Friday, March 10, 2017. Thank you for your time with this request.	1/9/2017

EPA-R5-2017-002414	Charlene A Vondett	Varnum LLP	<p>Please provide what I was told by an EPA agent is commonly referred to as the exit agreement between the City of Elgin, IL and the EPA regarding the combined sewer separation in the Lord Street Basin area of Elgin. This agreement was entered into in 2009 or 2010. It was precipitated by a report I made to David Talleferri in the legal department of the Chicago Federal EPA office. The report was investigated by Agent Christopher Thills. It was regarding the likely falsification of engineering documents submitted to the Illinois EPA by the City of Elgin to obtain combined sewer separation permits in the order of desire rather than necessity. Please also provide the findings of any EPA investigation into the City of Elgin that lead to the exit agreement regarding the Lord Street Basin combined sewer separation project. What I am particularly interested in is the timeline for the separation of combined sewers in the area bounded by the Lords Street Basin. The reason for this request is that the combined sewer separation work began in earnest but then halted in about 2012 with only a third of the project being completed.</p>	12/29/2016

			PLEASE SEE FULL LETTER, ATTACHED, THANK YOU: Pursuant to the Freedom of Information Act, 5 U.S.C. Section 552 et seq. ("FOIA"), I request access to and copies of all records provided to the President-Elect Donald Trump transition team in connection with the "endangerment and cause or contribute findings" for greenhouse gases under Section 202(a) of the Clean Air Act; and documents reflecting EPA discussions about the preparation or dissemination of said briefing documents. This request is ongoing, seeking copies of (or access to) all Records as they are filed with the U.S. Environmental Protection Agency. I am further requesting that the Records be provided to me on computer files or, if not maintained on computer files, in the same format as they are currently maintained at the U.S. Environmental Protection Agency. I am a reporter for Bloomberg News, an accredited and recognized news-gathering organization. I request the Records to inform the public about matters of public concern. As a representative of the news media, I am only required to pay for the direct cost of duplication after the first 100 pages. Please waive all applicable fees. In the event a fee waiver is not granted, I agree to pay reasonable fees for the Records, including actual costs up to \$25. If you estimate that actual costs will exceed this amount, please contact me so that I may make the appropriate arrangements for payment. FOIA requires that your agency respond to my request within 20 business days of receipt of this letter. This request is segregable, and your agency may not withhold entire records because of one section that you believe is exempt from disclosure. Under federal law, if you choose to withhold any such parts of the records from disclosure, you must specify in a written response the factual and legal basis for withholding any part of the Records. Please contact me if I may assist in your office's prompt response to this request. See attached request.	12/23/2016 12/23/2016

EPA-HQ-2017-002302	Mr. Charley Bowman		With zoning battles gearing up in NY State, and elsewhere, thwarting (at least temporarily) the absolutely necessary transition to renewable energy, I stumbled across EPA's analysis of undesirable, contaminated lands: https://www.epa.gov/sites/production/files/2015-03/repowering_screening_dataset.xlsx My questions: 1. Niagara Fall's Love Canal (Site ID: NYD000606947), the mother-of-all superfund sites, was evaluated for potential wind resource, but there is no entry for solar resource ("Estimated Solar PV Capacity Potential (MW)"). Does this mean solar PV is not appropriate for the Love Canal site? Or was this site simply not evaluated for solar PV potential? 2. Similarly, there are blank spaces for either wind or solar MW resource for many other sites....does the blank spaces mean the analysis for either wind or solar was not done? 3. There are no units listed in the column labelled "Estimated Wind Energy Capacity Potential"; I presume they are megawatts? Thank you, Charley Bowman	12/23/2016

EPA-HQ-2017-002268	Mr. Andrew W Mados		We are seeking to confirm the following information: (1.) Uncertified Manufacturing Plant - Icon Legacy does not have SBRA certification which means that a home built in an Icon Legacy factory is not and can not be an Energy Star home. The sp;Systems Building Research Alliance (SBRA) sp;is an EPA-approved national Quality Assurance Provider (QAP) that qualifies, trains and certifies modular home manufacturing plants to build and label Energy Star homes. Icon Legacy was not certified through SBRA. (2.) Advanced Framing - Where either continuous rigid insulation or insulated siding or a combination of the two is not present Energy Star permits either structural insulated panels or insulated concrete forms or double wall framing or advanced framing. 30 Parkway does not have continuous rigid insulation or insulated siding or a combination of the two. Furthermore, 30 Parkway does not have structural insulated panels or insulated concrete forms or double wall framing. Advanced framing consists of five (5) detailed components. All five (5) of these advanced framing detailed components are needed for a home to achieve an Energy Star rating. When building 30 Parkway, Icon Legacy did not provide or include all five (5) of these advanced framing detailed components. Without all five (5) of these advanced framing detailed components a home is not and can not be an Energy Star home. (3.) Marriage Wall Connection - A modular home must be gasketed along the entire seam of the exterior boundary where the modules are attached together. If a home has not been gasketed along the entire seam of the exterior boundary where the modules are attached together it is not and can not be an Energy Star home.	12/22/2016

Specifically, I am requesting copies of correspondence between staff of the Environmental Protection Agency (Region 6) and Governor Rick Perry or his staff from 2000 to 2015. This request is for copies of written and electronic correspondence between Governor Perry and the Environmental Protection Agency (Region 6), and communications between the individuals with an @gov.texas.gov email extension and any employee of the Environmental Protection Agency (Region 6) without regard to content or subject during the same period of time. Due to the time-sensitive nature of this request, I will hold the EPA to a strict 20-day deadline for an initial response and expect the agency to provide written notice of its intention to take any extension to respond. Please provide the specific FOIA Exemption used to justify any redaction and an index of any documents withheld either in part or in its entirety as part of the agency's response. I prefer to receive records in electronic format, and I am a commercial requestor for fees. Please inform me if the cost of searching or copying these records will exceed \$200. You may contact me with questions at (202) 748-2309 or Hudson.munoz@gmail.com. My address for correspondence is PO Box 34614, Washington, DC 20043. Thank you, Hudson Munoz</p>	12/16/2016

EPA-HQ-2017-002077	Rodney Huerter	Veolia North America	RCRA Permit Policy Compendium No. 9521.1984(03) (July 9, 1984), which is included in EPA/530-SW-91-0621, RCRA Permit Policy Compendium, Vol. 9 (Aug. 1991) states: "For [Strategic Planning and Management System] purposes, a permit application is considered withdrawn when EPA, or an authorized state, approves the closure plan for the facility following an inspection, a public notice of the plan, and response to comments. Termination of interim status through permit denial is not a prerequisite for counting a withdrawal as a final determination, nor does it matter whether the Part 8 request precipitated the closure or whether the facility voluntarily chose to close in the absence of a Part 8 request." (copy of RPPC No. 9521.1984(03), excerpted from EPA/530-SW-91-0621, Vol 9, is uploaded with this request). I request copies of any EPA policy or guidance document issued after August 1991, if any such guidance exists, which displaces RPPC No. 9521.1984(03) (i.e., indicates that a RCRA permit application is NOT considered withdrawn when EPA, or an authorized state, approves a closure plan for a RCRA the facility following an inspection, a public notice of the plan, and response to comments). If such a policy or guidance document does not exist, I request confirmation of that fact. I am performing a Phase I Environmental Site Assessment at 2304 W Taft Vineland Road in Orlando, Florida, 32837. EPA-HQ-2017-002051	Mr. Anthony Lacey	Inside EPA	Seeking all communications (emails, letters, PowerPoint presentations, etc.) sent by EPA and received at EPA to and from both the Trump transition team and the Trump "landing team"; of select staff from Nov. 15, 2016, to Dec. 14, 2016. The transition team is the one with the website greatagain.gov. The "landing team" is the Trump transition team officials that are working directly with EPA: Myron Ebell, David Schnare, David Kreutzer, Austin Lipari, David Stevenson, and George Soglyma. EPA is aware of the members of its own transition team, but to cover all the bases, the head of EPA's transition effort is Shannon Kenny. EPA has made minimal information about the communications available to the public, and the communications between EPA and the landing/transition team are impossible to obtain unless through FOIA. To make clear: this request includes all materials generated by EPA as well as all materials generated by the transition and/or landing team and sent to EPA.	12/14/2016

EPA-HQ-2017-001991	Peter Howard	Butzel Long	To Whom It May Concern, I am writing to formally request the code and input files for the three models used in the 2016 Interagency Working Group on the Social Cost of Carbon&™s calculations for the U.S. social cost of carbon, social cost of methane, and social cost of nitrous oxide. These are the versions of the DICE, PAGE, and FUND models described on the Office of Management and Budget&™s Social Cost of Carbon page (https://www.whitehouse.gov/omb/oira/social-cost-of-carbon). Researchers at EPA&™s National Center for Environmental Economics have also published papers that use these models (see attached pdf, &™Incremental CH4 and N2O mitigation benefits consistent with the US Government's SC-CO2 estimates&™By Alex L. Marten, Elizabeth A. Kopits, Charles W. Griffiths, Stephen C. Newbold & Ann Wolverton). The researchers would likely have the components of the models and documentation requested. For each of these three models, I am requesting (1) the code for model as used by the IWS, (2) all input files and input data needed to run these models, and (3) replication instructions for each model. I expect that these records can be given electronically, so I do not expect that any fees will be needed to process this request. However, if some fee is needed, I can arrange for it to be paid. If it&™s over \$100, please give me a call to discuss first. I appreciate your time, and thank you. Sincerely, Peter Howard	12/13/2016

Within the past year the Federal Government completed an audit of operations of the Puerto Rico Ambient Air Pollution Monitoring Network. We are requesting a copy of the report or a summary of the report's findings. The Puerto Rico Environmental Quality Board operates and administers the Air Pollution Monitoring Network in Puerto Rico, which is funded in whole or in part with funds from the US EPA. The information requested would likely contribute to the public's understanding of deficiencies in the present air monitor system. These possible deficiencies may have significant negative impact on public and environmental health and the disclosure of this information would further public understanding of air pollution and air quality concerns. The requesting organization is a non-profit entity that is working with an environmental justice community whose air quality is impacted by industrial pollution, provoking respiratory and asthma issues at a public school and a Head Start and in sensitive populations, such as the elderly in Penuelas, Puerto Rico.

EPA-R3-2017-001853	Mr. Matthew Roman	Liddle & Dublin, P.C.	This is a request or files cited by EPA in its draft human health risk assessment for malathion, or for study data evaluation records that have we have submitted to EPA in support of the registration of malathion in the United States. The first attached file requests the Agency's data evaluation records for studies submitted to support the registration of malathion. The second attached file requests copies of documents that EPA has cited in its draft human health risk assessment, which has a comment period that ends on December 21, 2016. These documents are needed in order for the registrant and the public to fully understand the ecological, endangered species and human health risk assessments that the agency has posted for public comment. Since the Agency has established regulatory deadlines for commenting on these risk assessments, time is of the essence for the EPA to comply with our request to provide the requested documents. Based on this, we request a fee waiver. And, we request expedited processing because of the urgency to inform stakeholders and the public about the reasons for the conclusions of the EPA's draft human health risk assessment. This is especially important given that malathion is an important tool used to control mosquitoes that spread diseases like the Zika virus.	12/7/2016

			See also the attached letter request. Background- EPA's authority to award Leaking Underground Storage Tank (LUST) Trust Fund (LTF) corrective action money to States is the Solid Waste Disposal Act (SWDA) of 1976 (also known as the Resource Conservation and Recovery Act (RCRA)), as amended, §603(h) (42 US §603(h)), which specifies that EPA must award LTF corrective action money using only §603(h)(4) cooperative agreements. In order to obtain LTF corrective action monies, the state must submit an application for an LTF Corrective Action Cooperative Agreement, which must include a budget and a workplan. FOIA Request - With respect to the EPA's LTF corrective action money awarded to New York State, please provide a copy of the following: 1) The Corrective Action Cooperative Agreement(s) entered into between New York State (or the New York State Department of Environmental Conservation) and EPA, that was in full force and effect during the time period from 2000 through 2008. 2) The Corrective Action Cooperative Agreement that was in full force and effect with New York State during the time period of approximately 2009 -2011, when the American Recovery and Reinvestment Act of 2009 (ARRA) awarded approximately \$9.2 million to the LTF. 3) If there was a site-specific Corrective Action Cooperative Agreement in place for the following site, please provide the applicable agreement. Address: 400 Court Street, Binghamton, New York Name: Titan Express Date: Site cleanup initiated 1st quarter 2010, Site cleanup completed 2nd quarter 2010 Award recipient: NYSDEC If you have any questions, you may contact me at 315-442-0100, ext. 114. 			Eric Goetz suggested that a request be made as he was unable to provide details related to the Report ID = WAN001003111 which was found to be the Report ID/IS ID number located at https://ofmpub.epa.gov/enviro/fil_query_dtl_disp_program_facility?tp_registry_id=110055375473. As a neighbor to this site, I saw pictures of some of the cleanup. This parcel has been listed by a local agent in SKC and my concern is regarding waste which was potentially unable to be cleaned here. Which report(s) not distributed to public am I able to request? The current owner (or his daughter listing the property) may not have knowledge of what caustic materials were left in the elements by Rory Westmorland - the former "tenet" responsible for negligent activities around western Washington. If there have been recent tests taken for contaminants in the groundwater, where can the results be found? The property is known to be classified as a wetland and since the soil was manipulated, there has been improper draining to neighboring lands. Past related permitting documents are able to be supplied upon request.	12/6/2016

EPA-HQ-2017-001749	Rodney Huerter	Veolia North America	<p>Definitions in 40 CFR 260.10 apply to &#x201c;parts 260 through 273,&#x201c;and include separate definitions for &#x201c;owner&#x201c;and &#x201c;operator.&#x201c;Part 270.2, which applies only to &#x201c;parts 270, 271 and 124,&#x201c;has a definition for &#x201c;owner or operator,&#x201c;which means &#x201c;the owner or operator of any facility or activity subject to regulation under RCRA.&#x201c;Section 260.10 does not have a definition for &#x201c;owner or operator,&#x201c;the preamble for the original Consolidated Permit Regulations states, in part: &#x201c;Frequently terms are defined in reference to other terms which are also defined.&#x201c;40&#x201c;CFR 33290, 33294. The same preamble also states: &#x201c;The requirements of a RCRA permit bind both the &#x201c;owner&#x201c;and the &#x201c;operator&#x201c;of the permitted facility. . . . The reasons for this approach are explained in the preamble to the regulations implementing section 3004 of RCRA. Id. at 33295. The referenced preamble related to section 3004 states, in relevant part: &#x201c;EPA has also changed its usage of the [originally proposed] term &#x201c;owner/operator&#x201c; to &#x201c;owner or operator&#x201c; to indicate when EPA will be satisfied by compliance by either party.&#x201c;40&#x201c;CFR 33154, 33.170 (May 19, 1980). (See also the EPA Office of Solid Waste&#x201c;s April 29, 1980 Background Document (40 CFR Part 260), attached). That, and the EPA&#x201c;s current and historical use of the part 260.10 definitions of owner and operator in its RCRA Part A Permit Application instructions (inspected copies of the 1980, 1999, 2005 and 2015 revisions are included with this request), logically appears to indicate that the definition of &#x201c;owner or operator&#x201c;in section 270.2 merely means an &#x201c;owner&#x201c;or &#x201c;operator,&#x201c;as those terms are defined in section 260.10. I request copies of any EPA guidance or policy documents, if any such records exist, that would indicate that &#x201c;owner or operator&#x201c;under section 270.2 means something other than an &#x201c;owner&#x201c;or &#x201c;operator,&#x201c;as those terms are defined in section 260.10.</p>	12/2/2016
